REPORTING SUSPECTED ABUSE

Allegations of sexual misconduct involving a member directly arising out of his membership in the Knights of Columbus and/or in connection with a program or activity sponsored by the Knights of Columbus should be reported by following this protocol:

1. REPORT SUSPECTED ABUSE TO LAW ENFORCEMENT
2. NOTIFY LOCAL DIOCESE OF SUSPECTED ABUSE
3. NOTIFY KNIGHTS OF COLUMBUS OF SUSPECTED ABUSE AT 1-844-KOFC-SAFE (1-844-563-2723)

NOTIFICATION OF UNRELATED SEXUAL MISCONDUCT

Sexual misconduct unrelated to membership in the Knights of Columbus and arising out of other circumstances in the member’s life, such as employment situations, family situations, or within some youth serving program or church ministry should be reported to law enforcement and the local diocese.

A state or local council officer or a District Deputy should notify the Office of Youth Protection at oyp@kofc.org as soon as possible when he becomes aware that a member has been:

1. CHARGED WITH OR FOUND GUILTY BY A COURT OF ANY OFFENCE INVOLVING CHILDREN;
2. CHARGED WITH OR FOUND GUILTY BY A COURT OF ANY SEX-RELATED OFFENSE; OR
3. SUED IN COURT FOR ANY WRONGFUL CONDUCT AGAINST CHILDREN OR FOR A SEX-RELATED OFFENSE.

To the extent there is a need for suspension or other action, it will be handled by the Board of Directors, through the Office of Youth Protection and the Office of the Supreme Secretary.
Member Compliance With Diocesan Safe Environment Requirements

Our cooperative approach toward diocesan safe environment programs is expressed in our guidance to council leaders concerning member compliance with diocesan safe environment requirements. The first requirement of our safe environment program is for our members to be aware of, and compliant with, diocesan safe environment requirements applicable to members’ volunteer activities on parish property.*

When members volunteer at an activity sponsored by a Knights of Columbus council on parish property* they are not only volunteering for the Knights of Columbus, they are also serving as parish volunteers. In this regard, Knights of Columbus asks no more and no less than for its members to be treated just like any other parish volunteers. Just like any other parish volunteers, members volunteering on parish property* must comply with all safe environment requirements applicable to parish volunteers in their diocese. To this end, grand knights and financial secretaries should implement the following best practices:

1. Make a list of all members who serve as volunteers on parish property for one or more Knights of Columbus activities. ("Eligible Member Volunteer List").
2. Ask each member on the list whether he has completed the diocesan safe environment training and background screening.
3. If the member volunteer has already completed such training, then the date of the completion of the diocesan training should be recorded on the Eligible Member Volunteer List.
4. If the member volunteer has not completed the diocesan safe environment requirements, he must do so as soon as possible to maintain his eligibility to continue to volunteer on parish property.*
5. Provide the Eligible Member Volunteer List to the parish priest, the parish safe environment liaison, and to the diocesan safe environment coordinator upon request.
6. Update the Eligible Member Volunteer List with new member volunteers who become eligible to volunteer on parish property.*
7. Confirm the names on the Eligible Member Volunteer List regularly throughout the fraternal year.

It should be noted that simply being a member of the Knights of Columbus does not constitute volunteer activity, as council business meetings are not a parish or church ministry. In other words, membership in the Knights of Columbus does not require volunteer activity on parish property.* Conversely, members are not exempt from diocesan safe environment requirements applicable to parish volunteers by virtue of their being members. The table below shows how diocesan and Knights of Columbus safe environment requirements generally relate to members of the Knights of Columbus:

COMPLIANCE WITH DIOCESAN SAFE ENVIRONMENT POLICIES: KEY POINTS

MEMBERS ARE PARISHIONERS FIRST, KNIGHTS SECOND

- Knights of Columbus is a fraternal benefit society that operates through a network of subordinate councils that meets on parish property with the permission of the local bishop and pastor.

- Knights of Columbus does not teach, sanctify, or govern in the name of the Church and is not a Church ministry.

- Volunteer service on parish property is encouraged, but not required, for membership in the Knights of Columbus.

- Completion of diocesan safe environment program requirements is not necessary for membership in the Knights of Columbus, although it may be necessary for members to volunteer on parish property.

- Knights volunteering in church or parish ministries (ushering, youth ministry, etc.) serve in those ministries as parishioners, and give witness as brother Knights.

- Members of the Knights of Columbus must remain informed of, and compliant with, the same diocesan/parish safe environment requirements applicable to all other parish volunteers for those activities conducted in the name of the Knights of Columbus on diocesan/parish property.

- Knights volunteering in youth activities sponsored by the Knights of Columbus on parish property serve both as parishioners and Knights and are fully subject to diocesan safe environment requirements applicable to parish volunteers working with minor children.

- Knights volunteering in other activities sponsored by the Knights of Columbus on parish property serve as both Knights and parishioners and are fully subject to the same diocesan safe environment requirements applicable to parish volunteers on parish property.

- Dues paying members choosing not to volunteer on parish property remain members in good standing.

- Council rosters contain proprietary and confidential member information and may not be shared with third parties, including with parishes and dioceses, without express authorization.

KNIGHTS OF COLUMBUS SAFE ENVIRONMENT PROGRAM (SEP)

Our Safe Environment Program safeguards children and other vulnerable persons, assures members and their families that we maintain a safe environment for all those whom we serve, protects members from awkward situations, misunderstandings and appearances of impropriety, builds trust with arch/dioceses and parishes, and protects the good name of the Knights of Columbus. Our program is operated in conjunction with our strategic partner in youth protection and safe environments – PRAESIDIUM, Inc. Praesidium specializes in providing safe environment training to help prevent sexual abuse in organizations that serve youth and vulnerable adults. For more information, go to www.praesidiuminccom

Under Faith in Action, members serving in the key leadership positions listed below are required to complete three training modules designed to teach members about abuse prevention best practices, either online or via workbook self-study guides. Members serving in the following leadership roles must make sure that all Knights of Columbus safe environment policies and procedures are followed at activities sponsored by the Knights of Columbus:

Additionally, state youth directors, state family directors, state community directors, state squire chairmen (if any), council family directors, community directors, as well as all chief and adult counselors, must provide consent for a background check. Members serving in roles that require a background check may fulfill this requirement by giving consent to the Knights of Columbus to obtain and pay for it on their behalf through its partner Praesidium. As shown, some roles also have access to Praesidium’s ARMATUS Administration dashboard to monitor member compliance within their council or jurisdiction. If members in certain roles are not compliant within thirty (30) days of notification, they are subject to removal from those roles.

MEMBERS IN THESE ROLES ARE REQUIRED TO RENEW THEIR COMPLIANCE WITH THESE REQUIREMENTS EVERY THREE YEARS.

State Deputy Safe Environment Compliance Action Plan

Compliance with the requirements of the Knights of Columbus Safe Environment Program in your jurisdiction must be driven from the top down and depends on your dedication as State Deputy. The point of the program is to ensure that brother Knights are trained to safeguard children and other vulnerable persons by recognizing the signs of possible abuse. As state deputy, you should:

1. **LOOK** for a Praesidium email with your username and password to use to complete your online training and ensure that your assigned state officers and directors do the same by **July 31st**. Compliance starts at the top!

2. **DIRECT** your state advocate, state program director, state youth director, state family director, state community director, and state squire chairmen to complete the training and to use the **PRAESIDIUM ARMATUS ADMINISTRATION DASHBOARD** to actively monitor compliance of members in the roles listed in the grid below.

3. **DELEGATE** responsibility for compliance to your state advocate. You and your state advocate should work with your district deputies on this!

4. **ENSURE** that councils submit their **Form 185 (July 1st)** and **Form 365 (August 1st)** – with accurate member email addresses - so that members can receive emails with their usernames and passwords so that they also can complete safe environment training and background check authorizations.

5. **FOLLOW-UP** directly with noncompliant members by using the information on the **PRAESIDIUM ARMATUS ADMINISTRATION DASHBOARD** throughout the year.

CIRCLE OF HONOR AND STAR COUNCIL AWARDS

SAFE ENVIRONMENT REQUIREMENTS
FRATERNAL YEAR 2018-2019

To be eligible for the Circle of Honor in the United States and Canada, state councils must be fully compliant with applicable safe environment requirements. This means that the state deputy and state advocate must complete the Praesidium safe environment training. Additionally, the state program director, the state youth director (if any), the state family director, the state community director, and the state squire chairman (if any), must complete both the training and a background check.

To be eligible for Star Council in the United States and Canada, councils must be fully compliant with applicable safe environment requirements. This means that the grand knight and program director must complete the safe environment training. Additionally, the council family director and community director must complete both the safe environment training and background check. Leaving one or more of the Program Director, Family Director, and/or Community Director roles vacant disqualifies a council from Star Council eligibility. If the council sponsors a Columbian Squire Circle, all circle counselors must complete the training and background checks.

ALL APPOINTMENTS AND REQUIREMENTS MUST BE COMPLETED BY MAY 1, 2019

Questions regarding this award policy should be directed to the Fraternal Mission Department at 203-752-4270 or fraternalmission@kofc.org

Questions regarding safe environment program compliance of state or local Knights of Columbus councils may be directed to the Office of Youth Protection at 203-800-4940 or youthleader@kofc.org

The following roles also have access to Praesidium’s ARMATUS Administration dashboard to monitor member compliance within their jurisdiction or their council: state deputy, state advocate, state program director, state youth director, state family director, state community director, state squire chairman, grand knights, and program directors.

To use the Armatus Administration dashboard, members serving in these designated roles may simply LOG ON to Praesidium Armatus using their user name and password. They may then scroll to the bottom of the page and they will see the Armatus Administration link:

Please note the link to a tutorial on how to use the dashboard:

**SAFE ENVIRONMENT COMPLIANCE: KEY POINTS**

1. It is critical that councils submit their Form 185, Form 365, and Form 468 in order for members in designated roles to be invited to take safe environment training and provide authorization for background checks.

2. Member email addresses from the Form 185, the Form 365, the Form 468, and Member Management are used to invite members serving in designated roles to take safe environment training and provide authorization for background checks.

3. If a council has not submitted these forms, members serving in designated roles will not receive their email invitations from Praesidium, and your council will not be compliant with the Knights of Columbus Safe Environment Program.

4. **IMPORTANT** – members outside the United States receive background check authorization packets via regular mail, not via an email from Praesidium.

5. Members in designated roles should look for email notifications from Praesidium (not from Knights of Columbus) in their inbox or spam folder.

6. If members in these roles do not receive an email from Praesidium by September 1st, the council has not yet updated its rosters to indicate members’ new role assignments.

7. The training and background check authorization must be completed within **thirty (30) days** of notification. Knights of Columbus covers all costs associated with these requirements.

**EFFECTIVE JULY 1 2018, SAFE ENVIRONMENT TRAINING AND BACKGROUND CHECKS ARE REQUIRED EVERY THREE YEARS**
